No: 153

Tumkur District
Deputy Commissioner's Office
Tumkur 14th July 1892.

To,

The Chief Secretary to the
Government of Mysore

Sir,

I have the honor to acknowledge
the receipt of your official memorandum
No: 28 of the 22nd April 1892 forwarding
for report petition from Kambada
Rangegoda and others of Kambada
Village in the Sirasanku complaining
of the water of a Gokatte said to have
been built by the said Kambada
Rangegoda and his brother in Govern-
ment Survey No: 7 of the Village having
been given for purposes of cultivation,
and in reply beg to submit as follows:-

2. In December 1887 one Kallappa
holder of Survey No: 5 in the said
Village applied for permission to
make use of the water of the Gokatte
in

in question for 2 acres of his lands
and agreed to pay water cess.

3. Enquiry showed that there was
no objection to grant the request.

On this a reference was made by the
then Deputy Commissioner to the Revenue
Survey Department in January 1890 and
water cess at Rs. 1/- per acre was got
fixed by that Department.

4. Then in March and April 1890
some of the Ryots of the Village, protested
against the grant of the water of
the Katti for purposes of cultivation
on the ground that it was built
some 20 years ago by the said Kambada
Rangajonda and his brother for
charitable purposes at their own cost
for the use of the Cattle of the
surrounding Villages. On this, some
of the Ryots other than the petitioners
have a Malagar to the effect that as
the

the Kati was used as a Lohati inasmuch as it would contain no water during the hot season the water in it might be given for cultivation. Further the Amildar reported that he had personally examined the Kati and found it to be useful for cattle, it being a very small one capable of holding a very small quantity of water that too only during the rainy season when there would be no lack of water in big tanks in the vicinity. He further stated that the complaint of the petitioners was owing to some party feelings fostered by the Village Shaukare. Upon this the papers were filed by the then Officer.

5. With regard to para 2 of your Memorandum under reply enquired what I have to say about the claim of

R. Rangejorda to the ^{I beg to state} State, that he
and his party allege that he (Range-
jorda) built it some years ago and
the Sianogne who is one of their addrs
that Rangejorda threw the excavations
of 2 wells sunk by him some years
ago on Government land No. 9 and
that it formed the State in question.
I do not know how under these cir-
-cumstances the State can be said
to be Rangejorda's. I have seen it.

6. The petition received with the
Memorandum under reply is herewith
returned.

I have the honor to be,
Sir,

Your most obedient servant.
